

A BETTER DELIVERY SYSTEM THAT SAVES YOU MORE IS ON ITS WAY.

An important change is coming to your Genie® VPS Material, Genie® Bite Material, and Silgimix® Alginate Replacement Material cartridges and mixing tips. You can soon expect your orders to be fulfilled with a new cartridge and mixing tip design. This new industry standard is a major upgrade across all our 1:1 and 5:1 delivery systems—the most significant improvement for material delivery in decades. Here's what you can expect:

- **Up to 24% less waste***
- **More mixing tips at less cost**
- **Bleed once for the life of the cartridge**
No bleeding between uses**
- **Improved overall mix quality**
- **Easy assembly with a new twist tab (turning wings) and alignment pin**
- **For 5:1, no bayonet ring necessary**

INTRODUCTORY BONUS

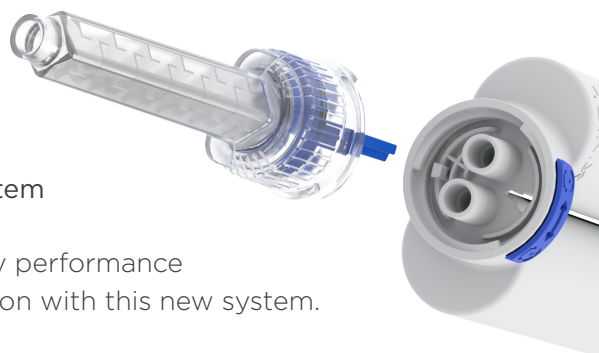

20% more mixing tips
in new mixing tip refill vs. original packaging

As we transition to the new system, we are also reducing the price of all mixing tip refills and providing you with 20% more in each refill bag at no additional cost. New ordering numbers for mixing tip refills are provided below and in each package of impression material you order.

Current Order Numbers for Mixing Tips		New Mixing Tips

Important to note about your new delivery system:

- ✓ Can be used with your current dispensing gun
A special or additional dispenser is not required
- ✓ New mixing tips will **ONLY** fit the new system
- ✓ New mixing tip will **NOT** fit your old cartridge system

We are committed to providing you with high-quality performance at a low price and are excited to continue that tradition with this new system.
